

VECTORFI ENTERPRISE

Creating The Perfect Premium Wireless "As A Service"

The most *comprehensive* and *sophisticated* Cloud controller available on the market!

Do you want to maintain your own wireless infrastructure, hosted in the Cloud?

Then VectorFi is for you! It fully includes:

◇ **7 Year Subscription Available**

- 1) One Time Subscription Fee
- 2) No Additional Support Contracts or Licensing
- 3) You Maintain Complete Control

◇ **Full Featured Cloud Controller**

- 1) Functionality & Interface of an On-Premise Controller
- 2) Multi-Tenant Capabilities
- 3) Located Within a Hardened Data Center

Under our VectorFi Enterprise, all you buy is the Access Point and Physical Installation!

If Capital Expenditure is a problem, we will arrange leasing that includes the hardware, installation and the monthly VectorFi costs.

Budgeting for wireless and wireless replacement is now easy and obsolescence is a thing of the past.

After the predicted five year life span of the installed wireless system, VTG will come in and replace everything, allowing you to continue the same lease plan!

We Promise

- No Stripped Down GUI
- No Lacking Features
- No Annual Subscription Fees
