

# VECTORFI WHITE GLOVE

Creating The Perfect Premium Wireless "As A Service"

White Glove Service removes any guesswork from the wireless system, before & after the installation is complete. This includes:

- ◇ **Completely Engineered WiFi**
  - \*Engineered wireless system prior to sale
  - \*All moves/changed are handled
  - \*If the pre-engineering model is incorrect, it's free!
  
- ◇ **Optional Managed Wireless**
  - \*SSID, Passwords, Adds or Deletes
  - \*One monthly service fee
  - \*Accessibility to the Cloud controller, if wanted!
  
- ◇ **Instant Replacement**
  - \*Removal of defective access point
  - \*Installation of new access point
  - \*24 hour turnaround time

*Under our White Glove Service, all you buy is the Access Point and Physical Installation!*

*If Capital Expenditure is a problem, we will arrange leasing that includes the hardware, installation and the monthly VectorFi costs.*

*Budgeting for wireless and wireless replacement is now easy and obsolescence is a thing of the past.*

*After the predicted five year life span of the installed wireless system, VTG will come in and replace everything, allowing you to continue the same lease plan!*

## We Promise

- No Licensing Fees
- No Support Contracts
- Firmware Updates and Troubleshooting
